Action Taken or Planned:

Hydro vac was called to come out and wash down the tanks and suck all free fluids and contaminated soil. We are installing and air conditioning unit in the control room where the electrical panel is for the disposal pump. We are also creating an SOP on the off load procedure at the SWD for when hot weather is upon us and tanks are at high level.

Wastes Disposal Location: All recovered wastes will be disposed of at our PRD which is on location.
